

Checklist for promoting Flexischools to parents.

It's great news you're now using our free communications tool to communicate instantly with parents when it's convenient for you.

Here's a simple guide to help you promote Flexischools to parents at your school.

Remember, the more parents who have the Flexischools app, the more parents who receive your important notifications on time!

STEP 1: Notify parents about Flexischools on your school website and in your school newsletter

We've done the hard work and drafted a notification for you to copy and paste on your school website or in your school newsletter.

STEP 2: Post about Flexischools on your school Facebook page

We've drafted a Facebook and newsfeed post for you to easily copy and paste on your Facebook page.

STEP 3: Print and display posters around your school

There are a range of Flexischools posters available for you to print and display around your school.

STEP 4: Hand out flyers to your students

Hand out flyers to your students to take home and hand to their parents.

You'll find everything available to download from our website at flexischools.com.au/promote
